Sir,

Plague - South Kanara District - Temporary staff - Retention till the end of January 1942 - sanction - Requested.

Ref: This office Ref.B4-5912-41, dated 10.9.1941 and 17.9.1941.

(2) G.O.No.Ms.4105 P.H., dated 22.9.1941.

(3) This office Ref.B4-5912-41, dated 27.9.1941, 30.9.41 and 3.10.1941.

In view of the fairs and festivals that are coming off in this district and in view of the present figures of plague reported from the neighbouring districts of Mysore State, the District Health Officer, South Kanara has proposed to extend the periods of the existing Plague Observation depots till the end of January 1942.

In 1940, the District Health Officer, South Kanara, apprehended that the infection of plague might be imported into this District during the time of the fairs and festivals if no special arrangements were made to prevent the spread of the disease. I accordingly moved the Government to sanction a temporary ---- plague staff consisting of 4 Plague Inspectors and other ------ menials. The Government were pleased to sanction the temporary staff in their order Ms.5126 P.H-, dated 31.10.1940.

The plague situation in the districts of Mysore Province bordering the South Kanara District is causing anxiety and it would be necessary to extend the period of the Observation depots till the end of January 1942 as proposed by the District Health Officer, South Kanara.

I, therefore, request that the Government may be pleased to accord their sanction for the retention of the temporary staff referred to in item (1) of paragraph 1 of G.O.No.Ms.4105 P.H. dated 22.9.1941 and those referred to in this office Ref.B4.5912-41, dated 27.9.1941, 30.9.1941 and 3.10.1941 till the end of January 1942. The temporary staff will be disbanded earlier, if circumstances warrant it.
